yunusemre.turker@icloud.com | <https://www.linkedin.com/in/yunussturker>

Hello,

I'm Yunus Emre Türker, an Electrical and Electronics Engineer with experience in Data Science, including data analysis and reporting, SQL Database Management, Machine Learning algorithms, and Business Intelligence tools. Currently, I am actively working as a Business Intelligence and Data Analytics Specialist at Acıbadem Healthcare Group.

During this early stage of my career, I have gained in-depth knowledge of database management and contributed to the successful management of projects. I utilize Database Management and Business Intelligence tools effectively to optimize business processes.

Additionally, I am constantly striving to enhance my visualization and presentation skills, providing understandable insights from complex data to support my team members and senior management in making data-driven decisions.

With my rapid learning ability and energetic approach, I aspire to continue producing data-driven solutions in the business world. I am eagerly looking forward to the opportunity to work with you

Thanks for your consideration.

Best regards,

Yunus Emre Türker

Business Intelligence and Data Analytics Specialist

34758, Istanbul/Türkiye

EXPERIENCE

23.08.2023 – PRESENT

BUSINESS INTELLIGENCE SPECIALIST, ACIBADEM / ATASEHIR, ISTANBUL

My role involves managing critical tasks like creating dashboards, analyzing data flows, and designing to enhance operational efficiency and strategic decision-making. With a focus on healthcare data, I design business intelligence solutions and utilize data visualization tools.

Proficient in programming languages and SQL, I contribute to the success of data analytics and business intelligence. Strong communication and stakeholder management skills drive my commitment to achieving results.

21.02.2022– 11.07.2022

LONG TERM INTERN ENGINEER, DRONE DOCTOR / MURATPASHA, ANTALYA

I did a long-term internship at Drone Doctor and worked in the R&D, planning, production, sales and accounting departments. During this time, I worked on drones and contributed to the company's activities at all stages.

21.06.2021– 30.07.2021

INTERN ENGINEER, TELCOSET ADVANCED TECHNOLOGY LTD. / BESIKTAS, ISTANBUL

During this internship period, I worked hybrid at Telcoset, participating in data center audit and control processes, reviewing projects and contributing to the design phases.

EDUCATION

17.09.2018 – 10.02.2023

BACHELOR'S DEGREE, ISPARTA UNIVERSITY OF APPLIED SCIENCES

I graduated from Isparta University of Applied Sciences with a bachelor's degree in Electrical and Electronics Engineering.

09.09.2013 – 24.07.2017

HIGH SCHOOL DEGREE, USAK HEALTH VOCATIONAL HIGH SCHOOL

I graduated from Usak Health Vocational High School, where I studied Nursing.

CERTIFICATES

- **IBM Data Science Professional**
Coursera - 11.05.2023
